**Subject: General Order (G.O.) 112<sup>1</sup> Operation and Maintenance Inspection and Closure  
Letter of Southern California Gas Company's Valves, Pressure Regulation and Overpressure  
Protection Facilities in the San Joaquin Valley Transmission Area**

Dear Mr. Cho:

The Safety and Enforcement Division (SED) of the California Public Utilities Commission conducted a G.O. 112<sup>1</sup> Operation and Maintenance Inspection of Southern California Gas Company's (SCG) Valves, Pressure Regulation and Overpressure Protection Facilities in the San Joaquin Valley Transmission Area (Inspection Unit) on February 08-12, 2016. The inspection included a review of the Inspection Unit's Valves, Pressure Regulation, Overpressure Protection, and Welding records for calendar years 2013, 2014 and 2015 and field inspections of transmission pipeline facilities in the Taft and Valencia districts. SED's staff also reviewed Operator Qualification records, which included field observation of randomly selected individuals performing covered tasks.

SED's staff did not identify any probable violations of G.O. 112<sup>1</sup>. If you have any questions, please contact Durga Shrestha, at (213) 576-5763. This also serves as closure of this inspection.

Sincerely,

A handwritten signature in blue ink, reading "Kenneth A. Bruno", is positioned above the typed name.

Kenneth Bruno  
Program Manager  
Gas Safety and Reliability Branch  
Safety and Enforcement Division

CC: Durga Shrestha, SED/GSRB, Kan Wai Tong, SED/GSRB  
Troy Bauer, Sempra
